GAROFALO HEALTH CARE JOINS THE INTERMONTE VALORE ITALIA INDEX

Rome, July 2, 2026 – Garofalo Health Care (**GHC**), one of the leading operators in the private accredited healthcare sector in Italy, announces that it has been selected as one of the 100 companies listed on the Borsa Italiana that make up the Intermonte Valore Italia Index, which is dedicated to SMEs with a market capitalisation of less than one billion euros and which are not included in the FTSE MIB.

The Index was created with the aim of promoting the universe of listed Italian small and medium-sized enterprises, acting as a bridge between entrepreneurship, the capital markets and the national economy. It provides a genuine snapshot of the finest expertise within the Italian economy, helping to broaden and diversify investment opportunities compared with traditional indices, for both domestic and international investors.

Garofalo Health Care was selected on the basis of rigorous technical and financial criteria, designed to ensure adequate levels of liquidity, transparency and investability, including: minimum free float, sound governance standards, analyst coverage, financial sustainability and debt levels, as well as its representativeness within the Index itself.

The Index is part of **PMI2Change**, Banca Generali's innovative project launched on 1 July 2026 at Borsa Italiana's Palazzo Mezzanotte, which aims to support the growth and competitiveness of Italian entrepreneurs by fostering the development of listed domestic SMEs. The project tackles the issue of limited liquidity and undervaluation of listed SMEs, helping to create the best conditions for a more efficient match between capital and businesses.

“The inclusion in the Intermonte Valore Italia Index is a significant recognition that attests the quality of GHC’s entrepreneurial history and its adherence to the highest standards of governance and transparency of the best listed companies,” said **Alessandro Maria Rinaldi, Chairman of the Board of Directors of GHC**. *“We welcome this initiative, which aims to improve the liquidity of listed Italian SMEs, confident that the Group’s excellent prospects will help to fully reward the trust placed in GHC by stakeholders and investors.”*
